

Annual Conference of the German Association of Women Engineers (deutscher ingenieurinnenbund) – 30 Years dib & INWES Regional Conference Europe

4th to 6th November 2016 in Freising near München

Science. Knowledge. Power.

***** Call for Papers *****

The German Association of Women Engineers (deutscher ingenieurinnenbund) in cooperation with the International Network of Women Engineers and Scientists (INWES) invites you to their annual conference from 4 to 6 November 2016 in Freising near Munich.

The conference offers participants, speakers and exhibitors the opportunity to exchange knowledge and experience in career development as well as on recent advances in research and technology. Participants at the conference are engineers as well as students of engineering and natural sciences from Germany and abroad. About 250 participants are expected.

The conference languages are German and English. Please indicate when submitting papers, in which language(s) you are willing give your presentation.

The theme of the conference is „ Science. Knowledge. Power.“. We welcome your suggestions for lectures and workshops relating to the following topics:

1. *Introduction, definition and history of the conference theme (opening lecture)*
 - Historical interplay of science and power
Info: this lecture is planned to be given in English, if in German: simultaneous translation
2. *Powerful Means – creating power?*
 - Patents and Research
 - Big Data
3. *What does Power mean for the Tech Market?*
 - Market Power –how did and how does that work? Mechanisms, Regulations.
 - From Industry 4.0 to Market 4.0
4. *People-power in professional life (STEM - careers)*
 - What is a career? From classical to modern concepts of a career
 - Understanding and using the power-relationships in companies
 - Careers and power relationships in Science
5. *Women in power*
 - Role-clichés and taboos - Resistance and catalysts

Give the participants the benefit of your knowledge and experience in a lecture or interactive workshop!

Annual Conference of the German Association of Women Engineers (deutscher ingenieurinnenbund) – 30 Years dib & INWES Regional Conference Europe

For lectures a time of 30-40 minutes (plus 5 minutes discussion) is envisaged. Workshops of 60 - 90 minutes foreseen.

Speakers and workshop-leaders receive free registration at the dib-conference. We look forward receiving your suggestions.
